

SKANSKA

July 26, 2010

To Whom It May Concern:

I would like to take the opportunity to recommend Nadler Modular as a supplier of mobile modular facilities.

Skanska USA Civil N.E. has had a long term relationship with Nadler and currently has \$3 million of their facilities on our projects. These facilities range from simple multi-unit offices through two-story complexes. In all cases Nadler has provided all engineering, code compliance, erection and follow-on service in a high quality and competitive manner.

Skanska looks forward to continuing our business relationship with Nadler.

Very truly yours,

Arnold Kirsch
Senior Vice President
Skanska USA Civil Northeast Inc.
